From Fr. Havel...

It is the Fifth Sunday of Easter. In two weeks we will celebrate the Ascension of the Lord and then bring the Easter season to an end with the Feast of Pentecost. Time is moving onward! The farmers are getting the crops in the fields. Pray for good weather for them and a safe planting season. End of the school year activities are being planned as there are only about three more weeks before summer breaks. With all this activity our parishes will also be moving forward in embracing the liturgical ministries of the Church. As we bring back these ministries I encourage all of our parishioners to be actively involved in the celebrations of the Eucharist.

In our first reading from the Scriptures this weekend we hear how the early Church was facing criticism and persecution. Paul and Barnabas strengthened the other believers as they told them, "It is necessary for us to undergo many hardships to enter the kingdom of God." Come Lord Jesus and always keep us faithful to you. ~Fr. Greg

School Update...

The month of April came to an end as quickly as it came. Here is a look into our Science classroom activities. We have been working hard to finish strong.

Plants have been the main topic during April in our classroom. The third and fourth graders were able to expand on their previous knowledge of plants, as they labeled the structures of a plant and learned about their functions. They dissected and examined a flower to identify its inner parts. This was a super fun activity for us because they were each able to look at a flower in depth. The fifth and sixth graders also studied plants, but they went a little deeper and learned about the plant cells and each of their composing parts. In addition to leaning and praying, as always here at St. Casimir's School, we celebrated! We celebrated Earth Day by making a recycled mobile that can remind students how to be kind to our earth. We also celebrated Children's Day on April 29th. In Mexico and other Latin American countries we celebrate Children's Day on April 30th. I had the privilege to celebrate with our students and make them feel special on that day. Submitted by Ethel Aranda, Classroom teacher
