## From Fr. Havel...

It is this weekend the Ascension of the Lord. Jesus who has risen from the dead and spent 40 days (Acts of the Apostles) appearing to the disciples now ascends back to the Heavenly Father. There we are told in the scriptures that he will send the Holy Spirit and continue from God's right hand to intercede for us.

May God increase our faith and our desire to be always in communion with our God. May God come in love to lift us up to the glory of the heavenly kingdom and eternal life with the Lord.

This Monday is Memorial Day. There will be a 9:00 am Mass at St. John the Baptist Church on Monday. Hopefully, this will allow people the opportunity after mass to be present at the cemeteries and parades. Please remember and pray for all who have served in the Armed Forces and especially those who have given their lives in defense of our country. ~Fr. Greg

## School Update...

The first and second grade students of St. Casimir's School just finished a fun collaboration project with the tenth-twelfth grade USC students in Mrs. Nikki Feist's Early Childhood Education class. The objective of the project was to show the ECE students how encouraging creativity in young students can turn into a fun project for all involved. Based on the reactions of the SCS students, it was a goal well met!

Following the story, "It's Not Easy Being a Bunny", each of the SCS students created a new animal that combines three different animals into one. They practiced creating a story using all four of the story elements, while also being able to explain adaptations from their Science unit, such as what is something that is beneficial to an animal? What could be added to a bunny that would help its survival rate? These are a few of the questions the students thought about while creating the perfect character for their story.

After the children finished this process, the high school students brought the new animals to life! The USC students practiced their sewing skills and created the cutest stuffed animals for the younger students. There were many smiles and cuddles happening in the first and second grade room when the USC students presented them with a stuffed version of their created animal! Many thanks to Mrs. Feist and the USC Early Childhood Education class for including the SCS students in this project!
